

# ONS NAGARA

3rd Year IT ENGINEERING STUDENT

## About Me

A 21-year-old ambitious, dynamic student passionate about innovation, sustainability, and technology. I combine technical expertise in software development with strong leadership and teamwork. My work bridges theory and real-world impact through projects, and international collaborations.

## SKILLS

### Technical:

|                                |       |
|--------------------------------|-------|
| Problem Solving                | ● ● ○ |
| Python/java Programming        | ● ● ○ |
| C/C++ programming              | ● ● ● |
| Software development           | ● ● ● |
| Adobe Illustrator/Premiere Pro | ● ● ○ |
| Adobe Photoshop                | ● ○ ○ |

### Non Technical:

|                                  |       |
|----------------------------------|-------|
| Creativity & Critical thinking   | ● ● ● |
| Leadership/Teamwork organization | ● ● ● |
| Event Management & Reporting     | ● ● ● |
| Budgeting & Financial Tracking   | ● ● ○ |
| Communication                    | ● ● ● |

## EDUCATION

### Engineering cycle in computer science

Esprit School of Engineering

2023 - Present

### Baccalaureate in Experimental Sciences

- Diploma obtained with honors

Menzah 8 Pilot High School

2020 - 2023

## LEADERSHIP ROLES IN IEEE

### IEEE PES Tunisia General Meetnig 7.0 (2026 - Present)

- Chairperson of PESTGM 7.0

### IEEE IAS/IES/PES ESPRIT SBJC (2025- 2026)

- Chairperson of the IEEE IAS/IES/PES ESPRIT SBJC

### IEEE IAS Tunisian Annual Meeting (2024- 2025)

- Vice-Chair of IASTAM 5.0

### IEEE IAS/IES/PES ESPRIT Student Branch Joint Chapter (2024 - 2025)

- Secretary of the IEEE IAS/IES/PES ESPRIT SBJC

## EXPERIENCE

### Co-Founder - Pixie & WattUp Startups

2025 - Present

- Turning IEEE projects into smart energy and IoT startups, leading development and strategy to build scalable solutions.

### Internship - QuantumShift

June 2025 - August 2024

- Developed and optimized web and mobile apps, enhancing functionality, UX, and teamwork in agile environments.

### Internship - Direction Sécurité Opérationnelle et Système de Production, BTE

June 2024 - July 2024

- Worked on infrastructure management, server configuration, and network optimization, improving system security and reliability.

### Tunisian Red Crescent Local Committee of Sousse

June 2023 - August 2023

- Completed certified first aid training.

### IEEE ESPRIT SB

2023 - Present

- Began as an active member in 2023 and grew into key leadership roles, serving as Secretary (2024) and now Chairperson (2025), leading 167+ members and multiple technical and outreach teams.
- Organized and oversaw flagship events including IoT Spark, IES Day 2024 and 2025, and IASTAM 5.0, driving innovation in energy, sustainability, and industry-focused technologies.
- Led teams to multiple major accomplishments, including Best Poster Award at IES SYP 2025, 3rd place in the IEEE-IES Inter Student Branch Chapter Competition, 3rd place in the IES Technical Challenge TSYP 13, 2025 IES Student Branch Chapter of the Year award, and 1st place in IAS and PES TSYP13 Technical Challenges, among others.
- Strengthened chapter management, mentorship, and collaboration, helping it achieve international and national recognition as Tunisia's top-performing IEEE Joint Chapter.
